Freshwater Biology

Edited by D. W. Sutcliffe

Volume 10, 1980

Blackwell Scientific Publications
Oxford, London, Edinburgh, Boston and Melbourne

Published by
Blackwell Scientific Publications
Osney Mead, Oxford

Printed and bound in Great Britain by
Adlard & Son Ltd, Bartholomew Press, Dorking

CONTENTS

VOL. 10, NO. 1, FEBRUARY 1980

1 *R. J. Aston and A. G. P. Milner:* A comparison of populations of the isopod *Asellus aquaticus* above and below power stations in organically polluted reaches of the River Trent
15 *B. J. Finlay:* Temporal and vertical distribution of ciliophoran communities in the benthos of a small eutrophic loch with particular reference to the redox profile
35 *James F. Saunders III:* Diel patterns of rotifer populations from a tropical lake
41 *Geoffrey Fryer:* Acidity and species diversity in freshwater crustacean faunas
47 *R. B. Heywood, H. J. G. Dartnall and J. Priddle:* Characteristics and classification of the lakes of Signy Island, South Orkney Islands, Antarctica
61 *C. S. Munch:* Fossil diatoms and scales of Chrysophyceae in the recent history of Hall Lake, Washington
67 *Aldo Zullini and Claudia Ricci:* Bdelloid rotifers and nematodes in a small Italian stream
73 *E. Ball and J. Glucksman:* A limnological survey of Lake Dakataua, a large caldera lake on West New Britain, Papua New Guinea, with comparisons to Lake Wisdom, a younger nearby caldera lake
85 *I. G. Munro and R. G. Bailey:* Early composition and biomass of the crustacean zooplankton in Bough Beech Reservoir, south-east England
97 **Book reviews**

VOL. 10, NO. 2, APRIL 1980

101 *E. J. Wise:* Seasonal distribution and life histories of Ephemeroptera in a Northumbrian River
113 *B. Moss, R. Wetzel and G. H. Lauff:* Annual productivity and phytoplankton changes between 1969 and 1974 in Gull Lake, Michigan
123 *D. A. Wright:* Cadmium and calcium interactions in the freshwater amphipod *Gammarus pulex*
135 *A. E. Irish:* A modified one-metre Friedinger sampler: a description and some selected results
141 *J. Scullion and R. W. Edwards:* The effects of coal industry pollutants on the macro-invertebrate fauna of a small river in the South Wales coalfield
163 *S. I. Heaney and T. I. Furnass:* Laboratory models of diel vertical migration in the dinoflagellate *Ceratium hirundinella*
171 *I. D. Wallace:* The identification of British limnephilid larvae (Trichoptera: Limnephilidae) which have single-filament gills
191 **Book reviews**
196 **Short notices**

VOL. 10, NO. 3, JUNE 1980

197 *Jukka Särkkä and Jorma Aho:* Distribution of aquatic Oligochaeta in the Finnish Lake District
207 *A. J. Twinch and C. M. Breen:* The thermal, oxygen and light regimes in isolated columns of water in a turbid impoundment
215 *R. C. Hart:* Oxygen consumption in *Caridina nilotica* (Decapoda: Atyidae) in relation to temperature and size
223 *W. Davison:* Ultra-trace analysis of soluble zinc, cadmium, copper and lead in Windermere lake water using anodic stripping voltammetry and atomic absorption spectroscopy

229 *John W. Barko and R. Michael Smart:* Mobilization of sediment phosphorus by submersed freshwater macrophytes
239 *David A. Brock:* Genotypic succession in the cyclomorphosis of *Bosmina longirostris* (Cladocera)
251 *P. D. Abel:* Toxicity of γ-hexachlorocyclohexane (Lindane) to *Gammarus pulex:* mortality in relation to concentration and duration of exposure
261 *Brian Moss:* Further studies on the paleolimnology and changes in the phosphorus budget of Barton Broad, Norfolk
281 *John J. Gilbert:* Further observations on developmental polymorphism and its evolution in the rotifer *Brachionus calyciflorus*
295 **Short notices**
Errata for papers in Volume 9

VOL. 10, NO. 4, AUGUST 1980

297 *R. C. Hart:* Embryonic duration and post-embryonic growth rates of the tropical freshwater shrimp *Caridina nilotica* (Decapoda: Atyidae) under laboratory and experimental field conditions
317 *J. Vijverberg:* Effect of temperature in laboratory studies on development and growth of Cladocera and Copepoda from Tjeukemeer, The Netherlands
341 *J. Gwynfryn Jones, Malcolm T. Downes and Ida B. Talling:* The effect of sewage effluent on denitrification in Grasmere (English Lake District)
361 *J. P. Thorpe and S. P. Mundy:* Biochemical genetics and taxonomy in *Plumatella emarginata* and *P. repens* (Bryozoa: Phylactolaemata)
367 *J. P. O'Connor and E. J. Wise:* The larva of *Tinodes maculicornis* (Trichoptera: Psychomyiidae), with notes on the species' distribution and habitat in Ireland
371 *G. C. Bellamy:* The use of bird rings for the individual recognition of fish
375 *Leonard A. Smock:* Relationships between body size and biomass of aquatic insects

Brief Communication

385 *David W. Bowker, Anthony N. Duffield and Patrick Denny:* Methods for the isolation, sterilization and cultivation of Lemnaceae
389 *Request for Information:* The status of *Crangonyx pseudogracilis* Bousfield in Britain

VOL. 10, NO. 5, OCTOBER 1980

391 *Robert E. Moeller:* The temperature-determined growing season of a submerged hydrophyte: tissue chemistry and biomass turnover of *Utricularia purpurea*
401 *D. J. Pratten:* Growth in the crayfish *Austropotamobius pallipes* (Crustacea: Astacidae)
413 *C. R. Cunningham and W. Davison:* An opto-electronic sediment detector and its use in the chemical micro-profiling of lakes
419 *F. H. Dawson:* The origin, composition and downstream transport of plant material in a small chalk stream
437 *M. P. Brooker and D. L. Morris:* A survey of the macro-invertebrate riffle fauna of the River Wye
459 *M. P. Brooker and D. L. Morris:* A survey of the macro-invertebrate riffle fauna of the rivers Ystwyth and Rheidol, Wales
475 *G. Khalaf and H. Tachet:* Colonization of artificial substrata by macro-invertebrates in a stream and variations according to stone size
483 **Book reviews**
489 **Short notice**

VOL. 10, NO. 6, DECEMBER 1980

491 *P. J. leB. Williams and N. W. Jenkinson:* A simple and inexpensive 4π light collecter and two designs for a light meter for light attenuation studies

497 *John J. Molongoski and Michael J. Klug:* Quantification and characterization of sedimenting particulate organic matter in a shallow hypereutrophic lake

507 *John J. Molongoski and Michael J. Klug:* Anaerobic metabolism of particulate organic matter in the sediments of a hypereutrophic lake

519 *S. P. Mundy and J. P. Thorpe:* Biochemical genetics and taxonomy in *Plumatella coralloides* and *P. fungosa,* and a key to the British and European Plumatellidae (Bryozoa: Phylactolaemata)

527 *Carmine A. Lanciani:* Parasitism of the backswimmer *Buenoa scimitra* (Hemiptera: Notonectidae) by the water mite *Hydrachna virella* (Acari: Hydrachnellae)

533 *Timo Kairesalo:* Diurnal fluctuations within a littoral plankton community in oligotrophic Lake Pääjärvi, southern Finland

539 *T. J. Pitcher:* Some ecological consequences of fish school volumes

545 *P. C. Bodkin, U. Posluszny and H. M. Dale:* Light and pressure in two freshwater lakes and their influence on the growth, morphology and depth limits of *Hippuris vulgaris*

553 *K. H. Nicholls, W. Kennedy and C. Hammett:* A fish-kill in Heart Lake, Ontario, associated with the collapse of a massive population of *Ceratium hirundinella* (Dinophyceae)

563 *John R. Spence:* Density estimation for water-striders (Heteroptera: Gerridae)

571 *D. A. Wright:* Calcium balance in premoult and post-moult *Gammarus pulex* (Amphipoda)

Brief communication

581 *Karl W. Simpson:* Abnormalities in the tracheal gills of aquatic insects collected from streams receiving chlorinated or crude oil wastes

585 **Book reviews**

591 **Short notices**

Errata for paper by John J. Gilbert (10(3), 281–294)

593 **Author index**
